

# Parents Association 2022 Essentials Insurance Package Coverage Summary

The Community Underwriting Parents Association Essentials Package recognises that every Association needs to have access to a cost effective insurance solution that will respond to the needs of you and your members.

- Our focus is entirely on providing Parent Associations with a minimum benchmark of insurance protection
- There are no membership fees required to access the insurance
- The package has been designed to automatically cover the typical activities of a Parent Association without onerous reporting of events or the need for complex endorsements;
- We provide an option to take out public liability insurance through the P & C Federation and still access all of the remaining benefits of the Essentials Package.

The total annual cost of the Parents Association Essentials Insurance Package is \$775 irrespective of the number of students at your school or the annual revenue of the Association. (\$477 if using the P & C Federation liability)

This applies for an Association that has been claims free for the last 3 years. Cover is still available for those Associations with claims in the last 3 years. We may apply a higher deductible or additional premium depending on the claim details provided.

The following summarises the key features of the package (for all of the terms and conditions you need to refer to the policy documents):
